

January 2006 Community Pulse Survey

Your opinion counts. Thank you for talking to us!

	Questions	Yes	No
	<i>To help us with our long term planning please answer the following questions. If any of the proposals required funding beyond the normal annual assessment, a formal vote would be required with a simple majority required for passage. In other words, just because you say yes, investigate the proposal...latter if the cost required a special assessment to accomplish, you would have the opportunity to vote for or against it.</i>		
1	Should the HOA investigate the possibility of an access path through the middle cul-de-sac retention pond to the Quail pond? Currently there is no neighborhood access and the City of Sammamish has stated that the Quail pond belongs to and in general should be maintained by the HOA.	13	17
2	Should the Landscape committee pursue removing the rhododendrons from the center aisle and replacing them a more easily maintainable hedge, with the understanding that a capital assessment would not be required for removal or replacement?	23	7
3	Should the association pursue painting the wood fence facades that front the entry gates to the two in-neighborhood retention ponds? Currently the City of Sammamish owns the cyclone fences and the HOA has responsibility for the maintenance of the facade wood fences that front the gates.	21	9
4	Should the HOA investigate the possibility of up-lights for the trees (Buchan planted) that front SE 34th?	16	14
5	Should the HOA investigate the possibility of street lights along SE 34th?	7	23
6	Should the HOA pursue wiring both sides of the front entry way for the purpose of Holiday lighting?	15	15
7	Should the HOA pursue having uniform curb address number painting applied throughout the neighborhood?	17	13
8	Should the HOA investigate the placement of a Radar Speed Limit sign along 34th?	11	19

9	Should the HOA investigate and develop entry signage for the back entrance to Pine Lake Estates? (west end of 34th).	11	19
10	Should the HOA pursue having all the Curbs and sidewalks within PLE pressure washed?	14	16
11	Should the HOA pursue locking cluster style mailboxes?	21	2
